TRAINING RTO 70217

BBSBWHS411 Implement and monitor WHS policies, procedures, and programs

WHO IS IT FOR?

People who work in leadership roles including supervisors, managers, leading hands, team leaders, and coordinators.

The program is also ideal for emerging leaders to prepare them to transition into leadership roles.

OUTCOMES

This course provides participants with the skills, knowledge, and confidence required to implement and monitor an organisation's work health and safety (WHS) policies, and procedures, to meet legislative requirements and ensure a safe workplace.

COST

\$420 per person + GST (if applicable)

OUR APPROACH

Participants attend a one-day training workshop where a range of practical activities are undertaken to learn and practice the WHS leadership tools. Assessment is completed during the workshop with some referencing to on the job application, statements of attainment issued upon completion.

WHS LEADERSHIP TOOLS:

- Understand the WHS regulatory framework and how it applies to your workplace
- Know and understand your WHS responsibilities and duties
- Effectively communicate key WHS information to work teams
- Implement WHS consultation procedures, deal with WHS issues and monitor controls
- Implement and monitor WHS training
- Implement and monitor risk management procedures and controls
- Maintain WHS records for the work group
